

little learners math ZOO ANIMALS PATTERN BLOCK MATS

The image displays two pattern block mats for preschoolers. The left mat features a large elephant shape composed of various colored pattern blocks (red, blue, yellow, green, orange). The word "elephant" is written below it. The right mat features a large gorilla shape composed of pattern blocks. A small gorilla illustration is at the bottom right. Both mats include a title box with "PATTERN BLOCKS challenge" and "build it!" instructions, and a sorting box labeled "SORT IT!" containing several pattern blocks.

PATTERN BLOCK MATS

One of the standards is for students to be able to manipulate shapes (slide, flip, and turn) and combine shapes to create new objects increasing their spatial sense.

For this activity, students build the object with pattern blocks then sort the shapes by stacking them on top of the printed shape. Then students can compare the number of shapes they used to make the object and talk about more, less, and equal too!

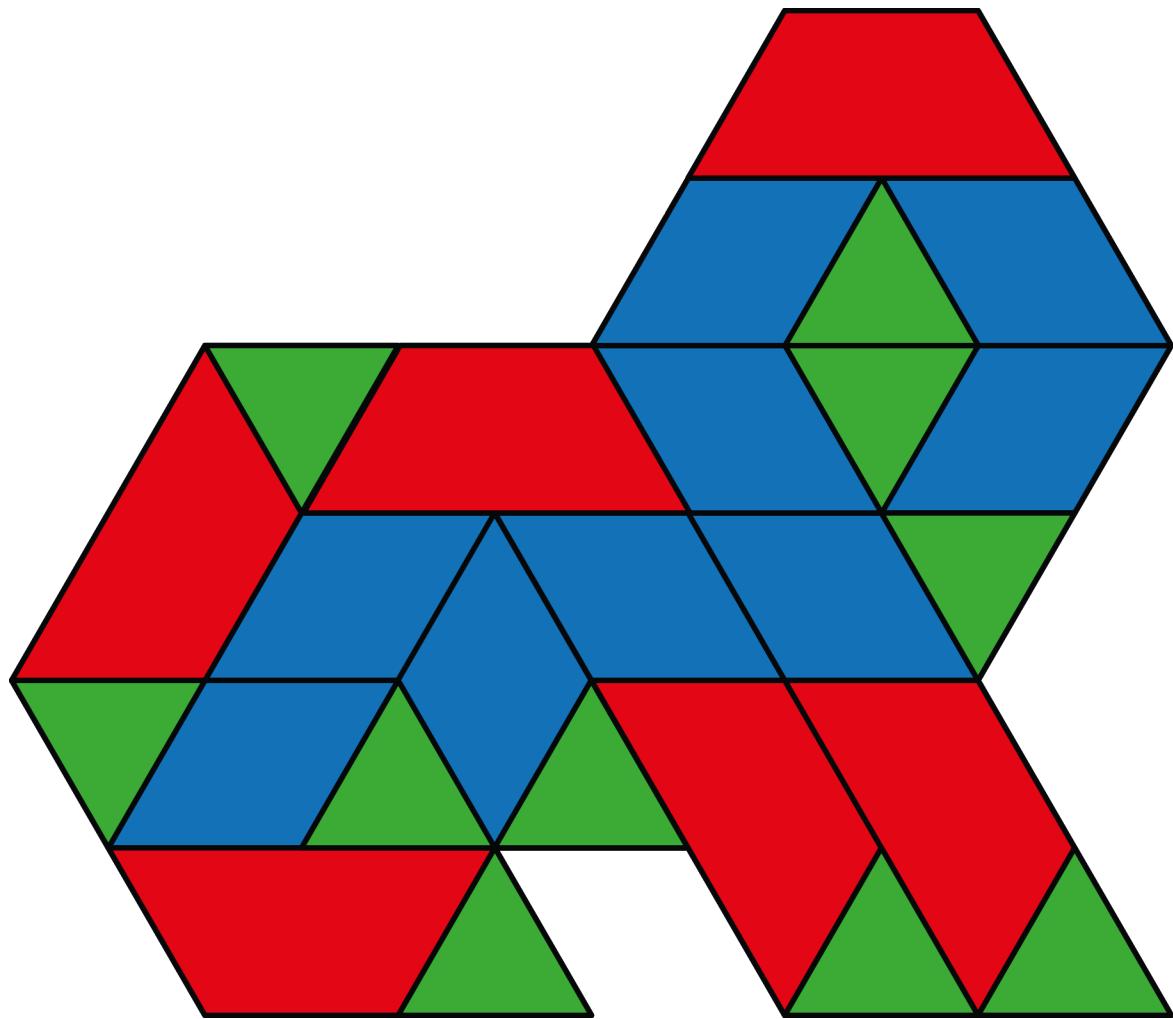

Print and laminate the pattern block mats or place in a page protector. Print the black and white pattern block mats on colored paper to save ink.
